Upon information and belief, the science establishment in the United States is suppressing the following four scientific truths:

Human beings did not evolve from animals. What evolved from animals are hypothetical creatures without free will and the conscious knowledge of human beings. See: https://www.academia.edu/23340072/WHY_PEOPLE_BELIEVE_GOD_CAUSED_THE_BIG_BANG

Natural selection only explains the adaptation of species to the environment, not common descent.

Charles Darwin contributed nothing to science. He was only a propagandist for eugenics.

The American Journal of Physics published an article titled "Entropy and Evolution" that disgraces every physicist in the United States. See:
