Dear Sheila,

There is no dispute. Either I am a liar or the scientific establishment in the United States is filled with a bunch of liars. Please let me know who on the history faculty is interested in what caused the Holocaust. I suggest you give everyone these two links. You should not keep this issue to yourself.

I think you should know that your name is on my website

<http://www.pseudoscience123.com>. This involves you in this matter:

Very truly yours,
